**Subject:** Re: Call today

Hi Nicole – I'm actually on leave today. Would this list give you an idea of items to bring up on Friday based on Donald's agenda?

- Introductions (Ms. Kathy Ho, DOH and CAPT Hornyak, FLC)
- Section 5.4 execution plan update

Our primary issue with their work plan is that it does not have detail. They reiterate some of our principal scoping questions from our deficiency letter but do not explain how they will answer our question. It appears that they do not have full scope developed for their contractors or the contractors do not provide the Navy with detailed work plans. Yet work has started. We have already given them a heads up that if they cannot provide us with detail, we cannot ensure that we will be in agreement with their work or finished study.

#### Section 8 RVA Phase 2 SOW pending letter

Regarding this SOW, the SOW does not have sufficient detail. EPA's consultant is providing additional comment. EPA is currently revising draft of agencies' letter based on consultant's comments.

- Tank Upgrade Alternative & Release Detection Supplemental Update

Waiting for Navy supplement.

- Hotel Pier

We have no questions at this time.

- May 6<sup>th</sup> Update

Please ask for the status of the Navy's 3<sup>rd</sup> party investigation. UST is considering whether to draft a demand letter for some of the documents that we did not receive and should be readily available, such as fuel logs, which should be readily available.

- Next Meeting, Friday Sept 10th @ 0900 (Sept 3th is a holiday weekend)
- Open

Mahalolo!

Joanna

DOH Environmental Management Division Chief

808-586-4305 (direct work)

808-292-8408 (cell)

**Subject:** [EXTERNAL] Call today

Hi Joanna

I have on my calendar that I will call you at 3pm PST. Are you available anytime earlier?

Thanks

Nicole
